Biography

Tammy Pali (she/her/hers) is the Director of Facilities & Business Services at Cassels. In this role, Tammy oversees capital leasehold improvements, facilities operations and office services for the Toronto, Calgary and Vancouver offices. She has almost 20 years' experience in office services and office management, leading teams in optimal service delivery and developing workspace strategies to support operational goals in a sustainable, cost effective and efficient manner.

Prior to joining Cassels, Tammy spent 13 years in the professional services field at Ernst & Young LLP and has also held office management leadership positions within property management and medical property management companies. Tammy brings to the firm a demonstrated history of value-added leadership across the fast-paced Fortune 500 financial services landscape.

Tammy is a highly motivated professional with proven expertise in high-performance team management. She believes in creating a collaborative atmosphere between staff and senior leadership, aligning business development initiatives and key corporate objectives, including those related to client strategy, marketing management, and process improvement.
