Biography

Michael Brown is an associate in the Mining Group at Cassels. Michael maintains a transactional practice focused on corporate and securities law matters at all stages of the mining life cycle, from exploration arrangements, debt and equity financings, public offerings and M&A.

Prior to joining the firm, Michael served as corporate counsel for a major mining company, supporting exploration and corporate development efforts in numerous domestic and international mining jurisdictions. He brings this unique insight and business understanding to his work at Cassels.
